Select Field (from below): _____

Our season depends on the help of many people. In order to have fields ready for league play, we need one family from each team to assist by “hosting” the nets for a field through the upcoming season. This will be dropping off the bag before game time on Saturdays, then having the net bags dropped at your house at the end of the day, Saturday.

Please provide one volunteer to help with hosting nets for this season for one of the fields below.
