

Dear LCSC Families,

We are excited to announce the introduction of a new environmental education and fundraising program! **Think Recycle** is an environmental fundraising program offered to Laguna Creek Soccer Club (LCSC) to help educate players and soccer communities on recycling while raising much-needed funds for the Club. It's a program that's good for our Club, our community and the environment.

The **Think Recycle** program is simple. Players and their families collect used ink cartridges, laser cartridges, and cell phones from the community and return them to LCSC at Jamboree and Picture Day on Saturday, August 20th. As a result, LCSC will earn funds for each qualifying cartridge or cell phone returned.

Through partnerships with Tree Canada and American Forests, **Think Recycle** will sponsor the planting of one tree for every 24 rebated cartridges or cell phones collected.

We request your support in ensuring the success of this cost-free fundraising program. Your place of employment can also support LCSC by saving used cartridges and cell phones, and having your child or you return them to the Club at Jamboree.

Your support of the **Think Recycle** program will help teach children and our soccer community the importance of recycling, the benefits of tree planting and help raise funds for LCSC.

Support **Think Recycle** and Laguna Creek Soccer Club. For more information call **1.888.265.2895** or visit **www.thinkrecycle.com**.
